# SNOW CLEARANCE SERVICES

**Packages available for; Business/Shop Car Parks, Private Roads & School Playgrounds**

## Where We Clear?

For any business, school, public or private area, snow and ice requires removing quickly and in time for your employees or event to start. Thus, eliminating the risk associated with slips, trips and falls.

We have the advantage of owning our own fleet of large snow clearing equipment and we don't have to rely on sub-contractors which gives us the best possible control over our snow clearing services.

7.5t Gritting Wagons | 18t Gritting Wagons | Van Mounted Spreaders | Tractors With Tow-able Spreaders

## GRITTING SERVICES

When the snow and ice appear, you need to keep your business running smoothly and safely.

We receive a data feed direct from the MET OFFICE telling us a highly accurate air and road surface temperature forecast for every 24 hour period.

Therefore, we can accurately schedule our team to provide gritting services to your business grounds, car parks and paths.
